FOR IMMEDIATE RELEASE

Pushing Boundaries Success Beyond Paralysis Luncheon set for May 11th

Pushing Boundaries, Washington State's only non-medical facility focused on recovery based exercise therapy for individuals with paralysis due to neurological conditions, will be holding its 9th Annual Success Beyond Paralysis fundraising luncheon on Thursday, May 11 at the Mercer Island Community & Event Center.

Guest check in and networking begins at 11:30 am and the program runs from noon to 1:00 p.m.

During the program, stories will be shared of families who have found Pushing Boundaries and regained function and independence as a result of the rehabilitative exercise therapy they received. Guests will also learn how Pushing Boundaries is the critical link in the Northwest to health and independence for those who have a neurological condition that has resulted in loss of function or paralysis.

Funds raised at the event directly helps cut the out of pocket therapy costs for clients.

If you are interested in attending this event or you would like to learn how you can help change lives, please contact Pushing Boundaries at 425-869-9506 or info@pushing-boundaries.org
